

## **Premium Supply, Transit and Dumpster, LLC Disclaimers**

**Please read carefully & ask any questions concerning delivery & material**

**All Returns Purchased with a credit Card will be refunded by Store Credit or will be subject to a 25% restocking fee.**

### **Out of Yard Deliveries**

Curb line Delivery is standard procedure. If requested to deliver past the curb line, Premium Supply, Transit and Dumpster, LLC will not be liable for any damage to sidewalk, driveways, landscape or property above or below ground. Consider power lines, gas lines, downspouts, irrigation/sprinkler, dog fence, water/gas shut offs, catch basins, sewer cleanouts, etc. Turfing and/or ruts in the lawn will occur.

We may not be able to dump under tree limbs, power lines, and low hanging objects, etc.

When requesting delivery, it is understood that our drivers will use their discretion and leave at the curb line. If delivery is refused, the client will be charged delivery fee and a 25% restocking fee.

If the road is too narrow and the driver is uncomfortable navigating into a driveway, or deemed unsafe by the driver, the load will be dumped on the street side of the curb. If the driver is unable to reach the curb line safely, the delivery will be returned and the client will be charged delivery fees and a 25% restocking fee.

Maximum onsite unloading time is 5 minutes. If the driver is forced to wait or delivery takes longer a charge of \$60 per hour will be applied for the truck. Client assumes responsibility for the product.

- Trucks may leak oil/fluids - trucks use motor oil as well as hydraulic fluid and other fluids. They may leak!**
- Client Understands that the time given is within a 2 Hour window (Ex: if ordered for 9AM Expect Between 8 – 10 AM)**
- Client Understands that if a third-party landscape crew is hired they must plan for a 2-hour window of the delivery arriving, (Example Above)**
- Premium Supply, Transit & Dumpster LLC is not responsible for any cost incurred for a delayed delivery**

**All Dyed Mulches**

-It is important to allow a 24 – 48-hour cure period without precipitation or irrigation. This will help prolong the color; if enough time is not given to cure you may experience washing in the color. Premium Supply, Transit & Dumpster LLC is not responsible for replacing washed mulch.

-Use care when spreading mulch. Keep away from the stem of plant, sensitive plants and grass. Mulch is very hot when it is first installed into the landscape and may burn living plants in the beds.

-Mulch can Stain Hard Surfaces, be sure to lay a tarp out if you are dumping onto your driveway.

-All dyed brown mulches will darken over the season. If there is a concern w/ consistency please be at the supply yard during loading.

**Aggregates:**

All aggregates/stones are natural materials. The sizing, color, and wear are not warranted or guaranteed. All aggregates/stone will have dust, sediment, and small pieces. This is a bi-product of the manufacturing process and transportation. Premium Supply is not responsible for any unwanted material.

Example: potato chips and cereal have dust and crumbs in the bottom of bags

**Soils and Amenities:**

Manure and leaf compost mulch can contain unwanted debris, use caution.

Raw topsoil will have roots, rocks and unwanted debris

**Client Understands the Above Disclaimers**

I have read and understand the above disclaimers and agree to have my delivery completed
